

Intern (Summer or Part-Time)

Job Title:

Intern (Summer or Part-time)

As an intern at SmartUQ, you will gain hands-on experience working on projects in a business environment.

Who We Are:

SmartUQ (SmartUQ.com) provides breakthrough analytics software to quantify uncertainty in a wide range of engineering fields. Our software is used by some of the largest engineering companies in the world. We are an innovative, fast-growing analytics company. We have a fun and focused team who are passionate about helping our customers solve challenging problems where no off-the-shelf solution exist.

Location:

You'll find us along the flourishing East Capital Corridor in Madison, Wisconsin, which consistently makes top 10 lists in many publications rating best places to work and live in the United States.

Responsibilities:

- Work with product development, engineer, and business development teams to provide cross-department solutions
- Assist our teams through day to day operations and special projects
- Conduct market research and analysis
- Formulate and deliver responses to customer needs and inquiries as needed
- Perform or observe other necessary functions as assigned

Qualifications:

- Student currently pursuing a degree in Engineering, Marketing, Business, Communication, Statistics or related field of study, with a strong interest in technology
- Strong communication skills both written and verbally
- Attention to detail and focus on quality of deliverables

At SmartUQ, we have created new technologies to revolutionize the simulation and analytics market. We are passionate about using our intellectual property to create products that will make a difference in the world. Compensation is commensurate with your expertise.

If you feel that you would be a good fit for our team, join us today and submit your cover letter and resume to hire@smartuq.com with “Intern” in the subject line.
